

TIFFIN TRIBUNE

FRIDAY MORNING, AUGUST 27, 1899

Local and Miscellaneous.

The new pavement is being put down around the Market House.

There were a number of sufferers from pick-pockets on "Circus day."

This month has an "r" in it, and oysters are in season. When "r's" are in, oysters are in, and vice versa.

The walls of the new extension of the Tiffin Foundry are rapidly going up.

CONRAD DAGON offers an excellent farm for sale at a bargain. See advertisement.

YOUNG men wishing a business education will do well to consult the advertisement of Howe & Souder.

WE are sorry to be obliged to defer Gen. Gibson's excellent letter till next week.

NEXT Sunday evening Prof. H. Rust will preach in German, on the Court House Square.

J. G. BROWN's new advertisement will be found in another column. He is a fair dealer, as his customers attest.

THE "Young Folks" had a masquerade ball in the City Hall, on Friday night last. A number of very peculiar and tasty costumes were to be seen. All enjoyed themselves.

MR. JOHN G. BROWN is Agent for Aerated Bread. It is sweet, very nutritious and healthy. Fresh bread every morning. Call and try the Aerated Bread.

MR. J. T. HUSS is erecting a brick building back of the First National Bank. We understand that the advertisement office will occupy a portion of it.

REV. MR. TOMBERG, at the Anniversary of the Seneca Baptist Association, was appointed to deliver the annual discourse at the next session in Attica.

THE fall term of Heidelberg College began on Wednesday last. We learn that the attendance is good, and that the prospect of a full school flattering. We are glad to see all educational interests flourish.

UNION SCHOOLS.—The Tiffin Union Schools will open on next Monday, September 6th. The teachers and scholars have had a long rest, and we may expect to see some vigorous educational work done.

A TRIP.—Dr. Herschler and Messrs. Horace Huber and Wm. Lambertson left this city for Columbus, to join in an excursion over the Southern Pacific R. R., to Sheridan. They will be absent for a month.

POCKET PICKED.—Mr. Michael Neikirk suffered a severe loss by having his pocket picked, by some fellow who had an "eye to stamps," on the circus ground, Thursday last. He lost several notes, some money and a certificate of deposit.

THE Trustees of the Toledo & Woodville R. R., are expected to meet with the Directors of the T. & C. R. R., in this city, one day this week. Important business relative to the Railroad will be transacted.

BOYS' CORNET BAND intended to serenade the citizens of Tiffin, Saturday evening last. The band started out in the fine new band wagon of Lepper, and after playing a few tunes were obliged to return on account of rain.

NEAT BOOK.—We have received from the Buryrus Journal as fine a printed fair book as we have seen this year. It is well gotten up in all its parts, and shows that the Journal office is as competent to do job work as any other office in this section.

Those gentlemen who have been holding off from subscribing to the Railroad, in order to see what others would do, should now come forward and sign. The time is here when every dollar should be down. Take the matter into consideration and put down your amount.

Every man owes so much to himself that he is never quite able to pay it off.—Pretence.

We suppose that kind of reasoning is used by fellows that never pay their debts. It is rather a good idea, and many would like to take advantage of it.

COUNCILMAN KAUF and Chief Engineer Kishler went to Oswego, some time since, to buy a Hand Engine that city had to sell. The machine purchased is an L. Patton Engine, 24 class, and has been but little used. It was repaired and put in complete order. The cost of it was \$750.

SEN. OHIO RE-UNION.—The annual reunion of the 8th Ohio Regiment will be held in Norwalk, on the 17th of this month. A dinner will be given in the afternoon, and toasts, speeches, etc., will be in order. Also a dance in the evening. Every one of Seneca's 8th boys should be present, as it is expected they will be.

INCREASE OF CURRENCY.—Why should not the business men of Tiffin call a meeting to consider the propriety of an increase of Currency, as it is well known the business of the country requires it? What say you business men of Tiffin?

O. S. W.

SENeca Engine has been shipped to Bellevue. Previous to its shipment it had been re-painted, and named, by direction of the Bellevue Council, "Ever Ready." It is a good machine, and looks well in its new dress. The Bellevue Council paid cash for it instead of part down and deferred payments as was agreed upon.

FOOD GOES.—Mr. Vollmer, of the firm of Vollmer & Kitchner, left this city, on Monday, for the east. He goes to buy goods with which to stock up for the fall trade, and has hit upon a time when the market is at its lowest so that he can secure bargains. Look out for a fine stock of clothing and goods in their line, and low prices.

THE Republican Central and Advisory Committee will meet at the TRIBUNE office on Saturday, Sept. 11, 1899.

POSTPONED.—Rev. Mr. Howard informs us that the Festival of the Episcopal Church, announced for Friday evening of this week, has been deferred till Tuesday evening, September 21st. Due notice of the programme will be given.

ARRESTED AND ESCAPED.—Mr. Levi Weirick arrested a fellow traveling with the circus, for evading the revenue. He gave the prisoner into the hands of another officer that he might look around and get bail. The prisoner got what he was after, but unfortunately it was "leg bail."

HEAVY FREIGHT CHARGES.—Mr. A. C. Barber informs us that he lately received a Threshing Machine from the manufacturer in the east, upon which the freight charges were divided as follows: To Forest, about \$800, miles, \$21.60; from Forest to Tiffin, about 30 miles, \$13.26. Don't let us have another railroad.

TELEGRAPH CHANGE.—We regret to notice the change in operators in the W. U. Telegraph office in this place, last week. Mr. Zimmermann has gone west to embark in other business, and his place is filled by Mr. R. F. Whitney, of Cleveland. As usual, the business of the office will be transacted in a gentlemanly manner.

LIST of Letters remaining in the Tiffin Post Office, Sept. 24, 1899.

Mrs. O. J. Andrew, Mr. Sidney C. Brown, Cate Bexler, Miss P. Beller, Mr. H. W. Clapp, Mr. A. E. Dole, Miss E. Hamilton, Mr. G. H. Hobart, Miss Julia Kingseed, Miss L. K. Kellar, Mr. Stephen Kotcher, Francis A. Lowe, Miss Mary Last, John Leary, N. Martin, Mr. Harry Mench, Mrs. Mahala Myers, Mr. M. Rosenbalm, Mrs. Mary Rex, P. H. Rudy, Mr. Bell Shepard, Mrs. Mary M. Sharp, Mr. Rubin Williams, Mrs. Mary A. Wilson.

COLLEGE JOURNAL.—We have just issued from the TRIBUNE office a neat eight-page paper bearing the above name. An edition of eight thousand was printed, which will be distributed gratuitously throughout this and adjoining counties. The paper is edited by Messrs. Howe & Souder, of the Tiffin Business College, and contains well written and interesting matter. A copy should be in the hands of every one.

A COMMUNICATION exposing the "little dodge" of our highly Democratic Commissioners will be found elsewhere. Our Commissioners are not satisfied in being able to rob the people by paying free prices for bridge building, but they must needs attempt to break the law in order to get all Democratic Land Appraisers appointed. The districts as made up were very pretty for their side, but some Republicans "couldn't see it." The Commissioners had to "back down." It hurt them to do so.

IMMENSE YIELD OF POTATOES.—We are informed that a Mr. Irwin, living near Clyde, O., invested in Early Rose potatoes this spring, and with good results. Last year from a few of these potatoes he selected two pounds to experiment on. He planted them, one eye to a hill, and carefully cultivated them during the season. The result of his experiment somewhat astonished him. He dug the potatoes and weighed them, and found that he had got from the two pounds planted, seven hundred pounds—or by measure, twelve bushels.

We doubt if the above can be beaten.

BAPTIST EXCURSION.—The Baptist excursion on Wednesday was a great success. Three car loads—about two hundred persons—went from this city. A very pleasant time was had, and the financial results were good, a considerable sum being left over expenses. Of course no one from Tiffin was sea sick; but some of the excursionists from other places, on the same boats, delivered up their accounts in the easiest and most ladylike and gentleman-like manner; straightening up after the delivery and trying to look as though nothing was the matter.

R. R. LOCATING.—Monday last the committees of the Bettsville and Kansas routes met the Board of Directors of the T. & C. R. R. in this city, to report amount of stock raised and right of way given on their respective routes. The reports were examined, and it was found that the right of way given was in part encumbered with certain conditions. The reports were referred back to the committees, and they are to report again on Monday, September 13. In the meantime, the committees were instructed to increase their subscriptions, a thing which we presume they will do.

S. S. PIC-NIC.—On Saturday last, in company with Gen. Gibson, we attended the Sunday School picnic in Stahl's grove at Jackson Station. Arriving at our destination, we found, to our great surprise, fully two thousand of our fellow citizens. Sixty different schools from that vicinity were fully represented, and each well posted as to their line of conduct, and everything went off pleasantly. After the preliminary exercises, all partook of dinner, of which great abundance was prepared, after which came the usual course of singing, speeches, etc.

We have not time to particularize or enlarge upon the exercises, but all sang as if inspired, the speeches were good, but necessarily made brief on account of the high wind which prevailed during their progress, warring all of the approaching storm, which broke upon us with such force as to put a sudden stop to all enjoyment of such a character, and a hasty stampede ensued. Aside from the wetting, all were highly pleased—the people with the speakers, the speakers with the people, and the children at having had a good time generally. We came away convinced that more really hearty enjoyment may be obtained in a well arranged, well conducted Sabbath School picnic, than at almost any other public gathering, particularly among the whole-souled people of Jackson township and vicinity.

NOTICE.—A young, green appearing girl, from the neighborhood of New Reigel, attended Bryan's Circus last week, accompanied by any one. Two showmen saw her and thought her a fit subject for their machinations. They approached her, got acquainted, and asked her to go with the Circus, picturing to her the pleasantness of such a life, and making her believe that soon she would be "a brilliant light in the galaxy of tented stars." They were overheard talking with her by a gentleman, and were seen to give her money. The attention of Marshal Mutschler was called to the occurrence and he went and talked to the men and advised her to leave them and go home. She refused, and he told her if she did not he would put her in jail. The girl told the Marshal that if he did put her in jail she would follow up the Circus the next day, for she was bound to go. Mutschler found her bent upon going and he paid no farther attention to her. The girl went with the show and to ruin.

SAFE BLOWN UP.—MONEY STOLEN.—Mr. G. W. Lutz informs us that on Friday night last, some scoundrels entered the Ft. Seneca Grist Mill and broke open the safe. Money was put in the key hole of the safe and an entrance effected in that manner. The safe stood against the great sink, and the concussion was so great as to crush in the boards of which it was made. A desk sitting upon the safe was torn to pieces. The thieves carried about \$2,000 in money. Some notes in the safe were burned, and the books were scorched considerably.

This is the third robbery, or attempt at robbery, that has been committed in that section, and the people have decided to stop them. We are informed that a vigilance committee is going to be formed, and every fellow found who has no "visible means of support," and who cannot give an account of himself will be ordered to leave, and if he does not "make tracks" he will be made an example of. Tar and feathering has been going on, and the most moderate punishments talked of.

STAR GALVANIZED LIGHTNING ROD.—Messrs. A. W. Snyder, I. N. Reeder and J. T. Waterhouse are agents for the above lightning rod, and are prepared to put them up at rates as low as any superior rod can be sold for.

The rod is made of magnetic iron, five-eighths of an inch square, is grooved, spiral twisted and galvanized. It is coupled with pure copper connections, and is equal to a rod made entirely of copper, and much cheaper. The rod, when up, is surmounted with a fine copper, gold plated cluster point—a point that has no superior.

This rod is warranted to always remain bright and clean, and will never corrode or rust, and while it is ornamental, it is a sure protection against lightning. It is spoken of in the highest terms by the press, and has received the highest recommendations from scientific men.

Those wishing sure protection from lightning should examine this rod and have its superiority explained, and the reasons shown why it is one of the best rods in the market.

The gentlemen selling this rod in this county, representing the "Ohio Lightning Co.," insure buildings against lightning at reasonable rates.

SUBSCRIPTION RECEIPTS.

Below are the TRIBUNE receipts returned on our circulars thanks to those who have so kindly assisted us, and hope others will follow the excellent example:

MICKEY'S FOSTORIA HACK.—This Hack carries Fostoria Tuesday, Thursday and Saturday of each week, at 1 A. M., and arrives at Tiffin at 10 o'clock. Returns same days, leaving Tiffin at 3 P. M. Passengers taken from or conveyed to any part of the city. The driver, Frank Richards, is careful and charges are low. Hack comes here at 1 A. M. not at 1 P. M.

LOCAL BUSINESS NOTICES.

Try the Century Cigars at Herschler & Myers.

My wife has prepared to restore the hair to its original color and not injure it! Yes! Hall's Vegetable Sulfur Hair Renewer.

Try the Century Cigars at Herschler & Myers.

Gunsmith Wanted.—A first-class gunsmith wanted at my establishment. The good workman will receive wages and steady employment will be given.

C. H. STING.

Try the Century Cigars at Herschler & Myers.

The Grecian Bend.—This terrible "chinder-pick" is raging among a certain class to a alarming extent. We would recommend Whittley's Dyspepsia Cure, which is said to be the best remedy in the world for the "bend-in" as we used to have it when a boy.

Try the Century Cigars at Herschler & Myers.

The importation of rags from the Mediterranean, hides from Brazil, and other commodities from the tropics is known to bring the germs of disease, cholera, fever, which are some times very affecting and fatal. Ayer's Ague Cure stimulates the Liver to excrete these germs from the system as effectively as it does the miasmatic poison of our Ague districts. Consequently it affords invaluable protection to students and others whose occupations expose them to these dangerous infections; and we hope to render them a valuable service in giving them this information.—N. Y. Dispatch.

Try the Century Cigars at Herschler & Myers.

A Card.

Mr. C. H. STING—How much reiteration will your charging me with falsification require in order to have it gain credence in this community? In each of your cards and every local, that I have noticed, except one, it has been either directly charged or insinuated.

Now, Brother Sting, if it is a matter of enjoyment to you, I will give you liberty to do your level "best" to make it appear that I am a veritable barbarian, or wild beast of prey if you prefer. Come on, exercise your propensity and let us have the full benefit of your skill in this line.

D. G. WILSON,
No. 2 Empire Block, Tiffin.

Try the Century Cigars at Herschler & Myers.

Everybody goes to No. 1 Empire Block, because there the best goods are sold.

SHAWHAN & WILSON.

Notice.—H. F. Seiple is the only authorized Solicitor for the Insurance Companies represented by any Agency. Any one pretending to act in behalf of any of my Companies do so without authority and at their own risk.

A. H. BYERS, Agent.

The entire community, individually, is invited to call on No. 1 Empire Block, and see for themselves the immense stock of New Goods that are just arriving, at SHAWHAN & WILSON'S.

Salt Fish.—Very cheap at Martin & Negele's.

Herschler and Myers have the finest stock of Perfumery in Tiffin. Go and see them.

There never was a time, in the history of Tiffin, when a better opportunity was afforded to the people of Seneca and adjoining counties to buy good Goods, and buy them cheap, than just now, at SHAWHAN & WILSON'S.

Best Machine Oil in Tiffin at Herschler and Myers.

WHEELER & WILSON MACHINE.—This justly celebrated Sewing Machine, for which Mr. D. McGuire is agent, may be found at the Millinery rooms of Miss J. Riden on Washington Street. A full supply is always kept on hand, and when Mr. McGuire is not at home, Miss R. will give all necessary information relative to the machine. Call and see the best sewing machine in market.

Remember!—Call at no house in Tiffin can you buy such nice Goods as at SHAWHAN & WILSON'S, No. 1 Empire Block.

School Books at Herschler and Myers.

Wall Paper at Herschler and Myers.

FRUIT JARS! FRUIT JARS!! Wholesale and Retail! The best in market! The Dexter Jar, the Whitmore Jar, the Tin Top and Wired Jar, John Altenbaugh's Crocker's Jar.

Black Sinks.—A fine stock open for inspection, at the Stone Front. Call and see what you do not wish to purchase.

Best Machine Oil in Tiffin, at Herschler and Myers.

If you want more superior Tea and Coffee go to Martin and Negele, National Block.

Fresh Arrival.—Herschler & Myers have just received a fine large stock of Window papers.

CASES.—The best assortment in the place at Gallup & Kendall's.

WANTED.—A small house, containing from three to five rooms, in the first ward. Post session wanted October 1st. Call at this office.

FINE PICTURES.—We have on hand a carefully selected assortment of Pictures suitable for all who need such articles.

GALLUP & KENDALL.

Go to Herschler and Myers if you want fine cigars.

CLOCKS.—A full assortment, and warranted at Gallup & Kendall's.

COMES at Gallup & Kendall's.

FOR SALE ORALP.—A second-hand SAFE as good as new. Price \$35. Call at Martin Wagner's.

Grain Bags.—Hobbs wants every farmer acquainted to remember that he is selling unlimited quantities of grain bags, and will sell them at a good price at a low price at the new Stone Front Store.

Hardware.—For the information of those not fully posted, Myers & Williams of the Red Front wish to state that they keep just as full and complete an assortment of hardware, cutlery, &c., as can be found in any extensive hardware store in the country. They are adding to their stock daily. Call and see, and learn prices.

If you want to see your friends, you must go to No. 1 Empire Block, at SHAWHAN & WILSON'S.

BRUSHES.—Hair, Nail and Tooth brushes at Gallup & Kendall's.

LOCAL CORRESPONDENCE.

FOSTORIA NEWS.

Our village has been unusually quiet for a few days—not enough in the sensational line to be interesting, especially for local correspondents.

Mr. Olmsted, of the firm of Foster, Olmsted & Co., left on Monday morning for New York. New goods and lots of 'em may soon be expected.

Mr. Kenower also left on Saturday for the same purpose. We understand he has got his "new track" all ready. Pap Reomer is looking for new goods daily.

Rev. C. Reynolds' youngest child, a little boy of one year, died on Friday evening, the 27th.

A fracas occurred on Monday at the Union Mills, among some fellows from Wood county, who had come to town with wheat, but before leaving had imbibed too freely of old rye. One young man was severely beaten by two others, having two or three of his teeth knocked out, and receiving several gashes on the head and face. No arrests.

We were favored this week with a flying visit from Prof. John Moffat, the distinguished temperance lecturer for the State Alliance. Mr. Moffat reports the temperance element in Ohio in a prosperous and healthy condition.

COUNCIL PROCEEDINGS.

Council met Wednesday evening, Sept. 1st, pursuant to adjournment. Present, Mayor Stewart, Recorder Robbins and Councilmen Foster, Myers, Musseter, Wilson. Minutes of previous meeting read and adopted. Council proceeded to the passage of an ordinance to provide against the evils resulting from the sale of intoxicating liquors in the village of Fostoria.

Also, an ordinance to regulate and suppress billiard tables, nine and ten pin alleys, and to prevent gaming.

Also, an ordinance to prohibit groggeries, saloons, and all places of business from being open on Sunday for the purpose of receiving customers, or selling spirituous liquors or goods of any description, except in cases of actual necessity.

A resolution was passed to extend Union street from the railroad south through James Anderson's land to the proposed extension of South street westward.

The ordinances in relation to the sale of intoxicating liquors and the suppression of gambling are strong, and if carried into effect will produce a healthy state of morals in our community. We understand the Council will next commence the necessary proceedings to extend and straighten Poplar street from South street to the McDougal road; and will also soon order the tearing up and relaying of a portion of the brick pavement on Main street, between Center and North streets.

MARKETS.—CORRECTED WEEKLY.

WHEAT—1.25
WHITE WHEAT—1.25
OATS—1.25
BARLEY—1.25
RYE—1.25
BUTTER—20.00
EGGS—14.00
SALT—1.00

REPUBLIC NEWS.

AFTER THE FIRE—WHERE ARE THE VICTIMS?

E. S. Chittenden has purchased the Chumasco property on the corner of Broadway and Center streets, and will soon be ready for business, in the room recently occupied by Dr. Chumasco. Hall & Childs are in Mrs. Hamilton's building, south of the Post Office. H. G. Ogden is in the Harkness store-room. Paul Bolinger is fitting up the next building south, and will soon have in a new stock of goods. Jasper Charles is in the middle room, in Stucky's building. Ed. Wilson will soon be here for making in the room lately used by the Post Office, and W. P. Thatcher will make boots and shoes in the next room, south. The Post Office will be removed to the first door south of Dr. Spooner's office. Dr. C. F. Reiff will open his office at the Town Hall. Dr. R. will be obliged to begin anew with his office fixtures, having lost a valuable part of his library, and an extensive collection of surgical apparatus and instruments.

A GOOD JOKE.

Is told of a certain saloon-keeper, who seeing the fire approaching his place of business, ran to it in a very excited state of mind, and after performing some creditable gymnastic feats over his counter, made an unsuccessful attempt to put a gallon jug in his pantaloons pocket. Upon being assured by a bystander that it "couldn't be did," he carried the dear old jug to a remote part of the room and set it down carefully and permitted it to perish in the flames.

FAITHFUL TO THE END.

Mr. Bolinger had a large watch dog, which, according to his usual custom, he had left to guard the store. Upon the breaking out of the fire the faithful animal set up a terrific howl, evidently believing it to be some enemy which it was his duty to repel. Efforts were made

to call him out of a window, but like "Cassabianca," whose story is familiar to every school boy, he refused to obey the call of strangers and perished at his post, a martyr to duty.

IMPROVEMENTS.

Have already begun on the burnt district. Mr. A. Womner has put on which his building was burned, on the corner opposite the Neikirk House, and has laid the foundation for a new fire-proof brick building, which will be immediately erected.

ACCIDENT.

Last Saturday, John McClung, Dan. Bolinger and Levi Latier, while working upon the store building of Paul Bolinger, were precipitated to the ground by the falling of a scaffold. Mr. McClung was quite severely injured by the breaking of a bone in the ankle and received an unpleasant flesh wound in the hand by falling upon a saw. The other men were uninjured.

WESTWARD BOUND.

Mr. C. M. Cunningham and Mr. John May started from this place on Tuesday last, to find a home in the Great West, proposing to locate in Western Missouri or Kansas. Each take a team
